## Fire Chief's Report

The following calls were answered:

House Fires	4
Grass Fires	6
Chimney Fires	14
Forest Fires	2
Dump Fires	3
Emergency Calls	6
Total	35

Burning permits for the year 1953 85

Burning permits may be obtained from me during the time they are necessary. According to State Law, a permit is needed when there is no snow on the ground. A permit may be canceled at any time the fire chief or the town fire commissioners deem it necessary to do so. This will be done for the best interests of the town.

We have organized in the town a group of men and boys called the St. George Volunteer Firemen's Association. This group is tied in directly with town firemen. They are being trained to operate the equipment and to fight fire efficiently.

At the present time they are building for the town a tank truck. We were fortunate to have a 1938 Ford truck, donated by Waldoboro Garage Co., New County Road, and a 750 gallon tank donated by McLoon and Son of Rockland. The truck and tank were donated to the St. George Fire Dept. We expect to have the tank truck in operation by the last of March.

Again my thanks to the towns people for their aid and alertness.

Respectfully submitted,

GEORGE F. FAY

*Fire Chief*

## Superintendent of Schools Report

To the Superintending School Committee and Citizens of the Town of St. George:

I am presenting, herewith, my second annual report as your superintendent of schools.

Last September three changes were made in our teaching personnel; Mrs. Lucile Gledhill replaced Mrs. Stanley as teacher of Home Economics; Mr. Joseph Targett accepted the position of English instructor, and Mr. Antonio Palleria became instrumental instructor and band director in place of Mr. Vere Crockett.

Throughout the year pupil growth and progress has been in evidence.

The school lunch program has been operated with its usual efficiency. An increase in surplus commodities has offset the decrease in money subsidies which is necessary to make this program self sufficient. Your support of this program has made the difference between failure and success.

In the matter of repairs: Paint was applied to the interior and exterior of the Port Clyde School, the Wiley's Corner School was painted on the inside. In order to meet state fire insurance regulations oil drums were removed from the interior of the Wiley's Corner School and the Clark Island School and a fire escape door placed in the main room in the High School. Four new typewriters were purchased to replace used ones; this is the start of our three year replacement policy. Repairs were made on the water pump at the High School. Other miscellaneous items were taken care of.

## Annual Report, Town of St. George, Maine

---

At this time I should like to make some general observations concerning the future of education in your community.

In September of this year the Minimum Salary into effect. Your acceptance, last year, of the St. George Law as passed by the Maine State Legislature goes Salary Schedule has helped to take us along the way toward these new minimum requirements. It has not, however, solved the problem. Over the next few years the increase in salaries will necessitate an increase in your school appropriations. Some portion of this increase will come back in the way of increased subsidies provided the State valuation of your Town does not offset this to the extent that your subsidy payments will decrease. This problem confronts all towns and cities in the State, it is not unique to your situation.

At the present we are operating our fourth, fifth, six, and seventh grades in the Village at capacity loads, both in relation to good working conditions and pupil-teacher ratio. A survey of school enrollments for the next six years indicates a substantial increase to these already crowded conditions. I recommend you give very serious consideration to a study of this problem by giving assistance to your Superintendent School Committee.

I present these problems to you, now, that you may make plans to meet them before they reach the state of emergency.

I should like to thank, at this time, any and all who have made this past year for the schools a happy and successful one.

KEITH L. CROCKETT  
*Superintendent of Schools*

## Report of High School Principal

To the Superintending School Committee and the Citizens of the Town of St. George:

I hereby submit my third annual report of the St. George High School.

### Enrollment for School Year 1953-1954

	Boys	Girls	Total
Freshmen	8	9	17
Sophomores	5	9	14
Juniors	7	14	21
Seniors	4	10	14
Totals	24	42	66

At the beginning of school in September, the enrollment at the High School was seven less students than the number registered the previous year. During the school year, we have had two students transfer to other schools and four students leave school. Of the number of students enrolled, seven are tuition students from the Town of South Thomaston.

I have discussed the building needs for a better program of Extra-curricular activities in my 1951 and 1952 reports. St. George is still the only town in Knox County that does not provide a building suitable for athletic and recreational activities at the high school level.

We are also faced with the problem of providing more classrooms in the high school building. Present enrollment in the elementary school of the town will

## Annual Report, Town of St. George, Maine

---

make it necessary to provide classroom space and extra teachers in the near future. The increase will probably affect us first in Grades Five through Eight. Should we wait until 1956 and take care of these problems as an emergency measure, or should we start planning in 1954? May I suggest that we establish a Citizens Committee to study the various problems relating to building needs and have that committee make recommendations for future action.

The Hot Lunch Program has been well patronized by the student body during the year. The average daily participation for the past five months has been 76.7. The price of a meal is thirty cents. Federal subsidy in foods has been greater during the year, but the subsidy for milk has been less. I again ask that the town support the program by the amount of \$300 recommended by the School Committee.

In past reports I have stressed the need for more hours devoted to home study by the pupils. It is believed by the faculty that a large number of students would greatly improve their scholastic standing and their vocational skills by more home study. Parents must accept full responsibility for this effort. Teachers in the High School are giving extra time in the supervision of students who are doing poor work. I sincerely urge all parents to visit the school, meet the members of the faculty, and talk over the problems that concern both teachers and parent with respect to the welfare of the student.

I wish to thank all those who have given of their time and interest for their co-operation in making the St. George School System a better unit of educational opportunity for the boys and girls of our town. We can

Annual Report, Town of St. George, Maine

---

view with pride the work which has been done in our schools.

Respectfully submitted,

CLAYTON M. HUNNEWELL

*Principal*

## Town Warrant

KNOX SS.

To Lawrence Watts, a constable of St. George, in the County of Knox,

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of St. George, qualified to vote in town affairs, to assemble in the Odd Fellows Hall at Tenants Harbor, in said town on Monday, the 8th day of March 1954, at nine o'clock in the forenoon to act on the following articles, to wit;

1. To elect a moderator to preside at said meeting.
2. To hear and act upon the report of town officers.
3. To elect a clerk for ensuing year and fix salary.
4. To elect one member of the board of selectmen for 3 years and fix his salary.
5. To elect 3 or more members of the board of assessors for the ensuing year and fix their salaries.
6. To elect 3 or more members of the overseers of poor for the ensuing year and fix their salaries.
7. To elect a treasurer for the ensuing year and fix the salary.

## Annual Report, Town of St. George, Maine

---

8. To elect a collector for the ensuing year and fix the price for collecting taxes.

9. To elect one member of the school committee to serve for three years and fix the salary.

10. To elect a road commissioner for the ensuing year.

11. To elect three fire commissioners for the ensuing year and fix their salaries.

12. To see if the inhabitants will vote to elect or have the selectmen appoint a budget committee.

13. To see what sum if any, the inhabitants will vote to raise and appropriate to cover budget items as follows for the ensuing year;

A—Salaries of town officers	
<b>Recommended</b>	<b>\$ 5,500.00</b>
B—Contingent	
<b>Recommended</b>	<b>1,500.00</b>
